

CYBERCRIME

VANBREDa KEY FIGURES - CYBER INSURANCE

1 in 3

insured companies were already involved in a claim

The cyber portfolio increased by

30%

in 2022

In **21%**

of the cases, the damage

exceeded 100.000 euros

In **27%**

of the cases, a cyber incident resulted in

business interruption

12%

of the cyber incidents caused a

data breach

+ 100

companies arranged cyber insurance cover for the first time last year

Companies are more than ever contributing to affordable cyber insurance. Not only by making greater prevention efforts such as strengthening internal procedures, frequently updating IT systems and making them more secure, but also by giving continuous training sessions to employees on phishing etc.

Tom Van Britsom

How can we help?

Feel free to contact us for advice on cyber risks, workshops and training concerning Phishing as a Service, or for a cyber insurance proposal tailored to your company's requirement.
